Progress Log of Iteration 2

Date	Activity	Comment
10/15/2020	Extended due dates for some tasks	Some tasks need to wait for the feedback and more time to revise
10/15/2020	Domain model got full points so no need revision	
10/23/2020	Make a first version of the background	
10/27/2020	Change the codes for the background	1ˢᵗ version did not work
10/27/2020	Extend the due date for the release to the deadline date	Everyone had a lot of midterms after the break so extended to the end of the deadline. We will not do that next time hopefully.

Communications Log of Iteration 2

Date	Comment
10/15/2020	I made a mistake while making a plan that some task should depend on the feedback and the feed back came after the Complete by date, so I should change the due dates of the tasks

| 10/27/2020 | The codes before did not work so we should make a new version for the background |
